

July 17, 2008

Patricia Munkel-Olson
Construction Codes & Licensing Attorney
Minnesota Department of Labor & Industry
443 Lafayette Road North
St. Paul, MN 55155

RE: In the Matter of the Proposed Rules of the State Department of Labor and Industry Governing the Minnesota Residential Energy Code, Minnesota Rules, Chapter 1322, and Repeal of Minnesota Rules, Chapters 7670, 7672, and 7674; Request to Schedule a Rules Hearing and Request to Review Additional Notice Plan.
OAH Docket No. 11-1900-19104-1;
Governor's Tracking No. AR 151.

Dear Ms. Munkel-Olson:

I have reviewed the Dual Notice and the Additional Notice Plan that I received from you on July 10, 2008, to determine whether they meet the requirements of Minnesota law. The Dual Notice is approved. The Additional Notice Plan is approved, contingent upon the inclusion of the following organizations:

The American Association of Radon Scientists and Technicians;
The National Radon Safety Board;
The National Environmental Health Association;
The Conference of Radiation Control Program Directors; and
The Minnesota Department of Health's State Indoor Radon Grantees.

Please contact staff attorney Maria Lindstrom at (651) 361-7841 with any questions.

Sincerely,

s/Barbara L. Neilson
